Tony	S3113	50	120	124	113	109	105	122	108	100	€20.00
Birth Ease = Calving difficulty, lower no = harder calved. Calving Ease is the ability of his daughters to give birth.											
Scudo has been found to be difficult on PB Pied heifers but fine on x bred heifers or PB cows.											
Tony is only recommended for cows calves are 42/43 Kg at birth.											
The stars and prediction figures are the current figures for July 2017
